

ECS8

8TH EUROPEAN CRYSTALLOGRAPHY SCHOOL 2023
18TH – 24TH JUNE 2023, BERLIN

*The BESSY II
synchrotron
radiation facility in
Berlin-Adlershof*

WELCOME TO ECS8 IN BERLIN

Up to 100 young international students and scientists will have the chance to meet with renowned lecturers and tutors and become acquainted with the most up-to-date principles and applications of X-ray crystallography.

Topics:

- Fundamentals of Crystallography
- Single Crystal Diffraction
- Powder Diffraction
- Synchrotron Radiation in Crystallography
- Macromolecular Crystallography
- Applications of Crystallography

Contact: ecs8@helmholtz-berlin.de

Registration will be open
in September 2022
